**10. I called her about twenty years ago, asking her to be mazkir to her father Rav Moshe ZATZ"L, my brother who was going through an open heart surgery.**

She was very hartzlich and even called me back that her father will be mispallel and wished my brother a full Refuah Shlaima. I was very impressed that even though she might have gotten many of these types of calls, (since her father was hard to get to). She did it gladly with such a pashtis.
